Sire: Amer/Can Ch Shawn-Dar Master of the Moment

Dam: Stonecrest Summer Breeze.

Dillon was born on Mar. 14, 1993. Joan Cook was his breeder. He was given to me as a replacement for Thumper when he was nine months of age.

His titles are as follows. AKC: MX and MXJ. Of course he had to get his Novice and Open titles first.. In Obedience he earned a CDX title. He also was awarded a Canine Good Citizen Certificate. He had all his double Q's but lacked about 96 points toward his MACH. He couldn't do the A Frame any more so I couldn't go for it.

NADAC: His titles are as follows.

All Novice and Open titles. In Elite---EAC, EJC, EGC and Veterans EAC, EJC EGC

He received **Outstanding Performance certificate** in Elite Agility and **Superior Certificate** for Novice Tunnelers at 12 yrs of age. He received his Novice Weavers and Novice Touch and Go Certificates in his old age. He needed 4 more Gambler legs for a NATCH but they changed the format so we didn't go for it.

Other venues: Australian Shepherd Club: Regular Agility Elite and Gamblers Elite; Also Jumpers Veteran Elite.

CPE: Level 3 Standard – CL3-R at 13 yrs or age.

TDAA (Teacup): Teacup Games 1

Dillon was a registered Pet Therapy Dog and had learned many tricks which he performed for School children, Senior Centers, and Nursing Homes. At Christmas time with Wanda and Tom Van DeVanters' and Linda and Robert Grass's Shelties we would put on a skit for the residents at several different nursing homes, Dillon had a repertoire of about 30 tricks.

He also was awarded a Herding Instinct Certificate and when he was just a pup the Rainier Agility Team presented him with a certificate that voted him as the dog most likely to appear on "Wild Kingdom". So you see he had a very busy life and was always ready to please. I enjoyed him so much but when he could no longer get up from a sitting position and much less walk, I decided it was time for him to meet his friends in heaven. That was on Aug. 11, 2009 at 16 yrs, 5 mos (3 days shy).
